## 2024-2025 School Accountability Report Card

### (Published During the 2025-2026 School Year)

## General Information about the School Accountability Report Card (SARC)

### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

The vision of the Freshwater Charter Middle School (FCMS) is to offer a small, caring school environment, high academic standards, innovative curriculum, access to and integration of technology, and meaningful participation by students, parents, staff, and community.

The guiding philosophy of FCMS is based on the following principles:

- Every student has the right to feel safe and secure.
- Every student deserves the best the school has to offer.
- Every student can achieve academic excellence through a challenging curriculum accompanied by appropriate support.
- Every student can be a responsible, productive citizen, willing to give his/her talents to the community.

Therefore, Freshwater Charter Middle School will:

- Provide a positive, safe, caring environment, which nurtures the intellectual, physical, emotional, and moral capacities of each child, so each child can lead a fulfilling life as a productive worker, citizen, and individual.
- Develop, implement and continue to update student-centered, integrated curriculum which addresses the modalities, strengths, and social development of each student.
- Provide a successful educational program for each student which considers his/her unique needs, abilities, and/or cultural background.
- Provide and encourage families with opportunities to participate and share in the intellectual growth of their children.
- Enable students to become self-motivated, competent, and life-long learners.

The school community strives to create an environment where the "whole child" is considered first and foremost, and student learning and education are the primary concern. The environment produces consistently improving test scores because students learn and understand the process of learning.

The staff and administration strive to involve parents in the learning process, and parents are a vital part in creating and maintaining the educational program. The staff and community demonstrate their dedication to the needs of all students in many ways; from the school-community goal setting process to the variety of support and extracurricular activities made

available to every child. All students have access to a balanced, comprehensive, standards-aligned curriculum. Those needing extra support to access curriculum receive it in a variety of ways, especially via research-based instructional practices. Students needing extra support are identified by staff or parents, and then the whole teaching staff collaborates on creating a structure for that support.

## School Facility Conditions and Planned Improvements

In 2000 The Freshwater School District completed the modernization of 10 classrooms, the building of a new girls' restroom, the remodeling of three other restrooms, and the retrofit of the office area. The modernization gave the school a major "facelift", adding high quality carpets, safety glass windows, new electrical systems and data ports, and inside painting to all 10 classrooms. The new student restrooms are beautifully appointed with new fixtures and tile walls and floors. The office area gives additional space for the business functions of the District. The lighting in the classrooms was retrofitted in 2009/10. The school houses all of its students as well as providing a library, computer lab, meeting room, auditorium/cafeteria, music rooms, and After School Care. The new gymnasium was completed and has been a huge asset for the entire school community. In 2007/08 we added 196 solar panels that generate approximately 60% of the school's electricity needs. During this time we also added two relocatable classrooms, which are utilized as the library and computer lab.

In the summer of 2017 Prop 39 allowed us to make needed energy saving facility improvements. A new 39kW solar array was installed above the Kindergarten wing. Additionally, the District was able to utilize Prop 39 funds to procure a new roof and solar array above the Kindergarten wing (bringing our total school output to 67KW), install new LED lights throughout and

remove a failing, 61-year-old water heater and replace it with a new tankless on-demand water heater in the Kitchen. In June of 2018, The District passed Measure C, a \$2.1 million dollar General Obligation Bond to modernize and renovate our aging schools. This bond measure allowed us to improve our outdated plumbing systems, replace many of our roofs, and upgrade our hardscape and landscape areas in the summer of 2019.

In 2023 we started our transition to electric buses. By 2024, we had added 2 electric buses and charging infrastructure.

Also in 2024, we removed the failing linoleum floor in the cafeteria and polished the concrete underneath.

In 2025 we replaced 2 aging modular buildings in our TTK, after-school area, and submitted plans for future new construction of a double room and relocation of existing portables on the north end of campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parent involvement makes Freshwater Charter Middle School one of the most outstanding schools in Humboldt County. Families and Caregivers are encouraged to participate in leadership committees including the Freshwater Educational Foundation, Community Club, Board Meetings, Charter Council Meetings and Parent Advisory Committee to further enhance educational programs and our campus and provide opportunities for families to offer input on schoolwide decisions and goals. Families and caregivers are invited to attend periodic informational meetings, including parent information nights, and set up informational displays at concerts and school events. Many activities and events are offered throughout the year for families and caregivers to build community such as: Open house, Back to School Night, parent volunteer orientation, all school picnic, trick or treat street, holiday craft fairs, family gardening days, character education assemblies, school spirit days, movie nights, enrichment classes, musical performances, community service elective and sports events. Families are also encouraged to help with fundraising efforts for the 8th Grade Trip.
