## Camp FreshH2O 2024 Behavior Policy / Contract

We want all children to have a physically and emotionally safe and fun experience at Camp FreshH2O. Our program is about learning new things, meeting and making new friends, and even honing newly developed skills and hobbies! It is a chance for kids to have fun and be part of teams, face challenges, and support each other. Students are responsible for their positive behavior and willingness to participate in daily activities. Campers who are going into grades 3 - 6 are encouraged and expected to be positive role models for our incoming TK-2nd graders.

Camp FreshH2O follows the Freshwater After School Program's behavior management system - which mirrors the school's Dynamic Dolphin Program, Restorative Practices and Healthy Play models. We adhere to all the school's safety rules for the playground and social conduct. The cohesiveness helps us maintain clear and consistent messaging to the students about expectations and consequences for behavior. In theory, if the children are engaged and actively involved in our camp, we should be able to minimize the need for the discipline procedures outlined below. Most of our behavior management should be in reaction to social/peer dynamics as children are learning and growing developmentally. We are there to support their ability to use their own voices to communicate their needs from / with others. We are there to support them resolving conflicts with one another as they arise. Most of our behavior management should be fulfilled and rectified using the 'stop.talk.walk' and 'restorative practices' language and guidance. The procedures listed below are to use when our ability to resolve an issue with the above mentioned methods is ineffective or becomes redundant.

### **Discipline Procedures:**

#### ***Minor infractions (That go beyond the use of restorative justice or 'stop.talk.walk')***

**1st incident:** Verbal warning / talk it out / rule reminders with if / then consequence

**2nd incident:** Redirection / 5 min break and rejoin or find new activity

**3rd incident:** Loss of choice of play or activity / sit out and observe expectations modeled by others / communicate with parents at pick up or via message

**4th incident:** Loss of privileges / notify parents / discuss next steps

**5th incident:** Call home / rest of day suspension & next day suspension / final warning

**6th incident:** Removal from rest of camp program

***Major Infractions (behaviors that result in significant program disruption or that create an unsafe (physically or emotionally) environment for other students or staff will automatically result in loss of privileges. These incidents are dealt with starting at step 3 as determined by the nature of the situation.***

**Bullying** - Severe or pervasive physical or verbal acts of misconduct, including communications made in writing or electronically.

**Harassment, Intimidation or Discrimination** - (gender, racial, ethnic or sexual) - committed verbally, physically, in writing or electronically.

**Defiance/Disrespect towards staff** - Refusal to comply after given clear directions and opportunity to.

**Aggression, Violence, unsafe actions towards self or others** - Severe behavior that places self or others at risk of harm, continued or severe aggression, or genuine threat of severe aggression or violence.

**Without Supervision** - Intentionally leaving camp boundaries or supervision of staff (hiding, not returning with group - being out of site/unattended on purpose)

I have read, understand and agree to the terms of the Camp FreshH2O behavior contract and I have communicated with my child the expectations for them as a camp participant:
