Each week at Sprinkles will have a unique theme to inspire curiosity, grow imaginations and help develop an early love of learning through play. Camper's days will be filled with opportunities for outdoor play, sensory exploration, arts and crafts, movement, games and making friends! The daily schedule and routines will provide an introduction to independent skill development needed in school. Sprinkles campers will also enjoy weekly special guest presenters including Nature Joe, Ericka's Petting Zoo, a Quack and Wabbit puppet show and more - a different visitor each week!
